"FROM FACTORY TO HOME"

HOW OFTEN YOU SEE THIS HEAD-LINE

All the goods we have in our homes must come from the factory, but the question is how many hands do the goods go through before they reach the home. In buying from the smaller dealers one has to pay one or two jobbers' profits. In buying from THIS STORE you save this extra expense, for nearly everything is bought direct from the factory in carload lots, which brings to mind the motto: "Goods well bought are half sold."

Our Carpet Department

Is filled with all the newest ideas in Floor Coverings. We are mill agents for the famous "Park Mill All Wool Carpets" and sell them the same as the ordinary wool carpets are sold. It's to YOUR ADVANTAGE to buy these. Our display of Room-sized Rugs surprises all who visit our store, even though they have seen the goods in larger cities. They say: "You sell cheaper here than any place we've found, and such a large assortment to select from, too."

Our Furniture Department

The same story applies to our Furniture. We are showing the largest line of Chamber Suits, Dining-room Furniture, Iron Beds, Hall Furniture, Library and Parlor Tables, Fancy Chairs and Rockers and all the newest creations in Furniture Novelties ever shown in this section.

Our Special for the Remainder of This Week, One Hundred Smyrna Rugs, 30 x 60, in Good Colors, at 98c. Sale Closes September 7th.

Lovers of emotional drama will be interested in the announcement that an exceptionally adequate presentation of the favorite play "East Lynne" will be given at the opera house on next Tuesday evening by a company which has been selected with a view to the peculiar fitness of each member for the role assigned. Competent stage management will insure a smooth and harmonious performance and the scenic equipment and accessories will be fully up to the requirements.

The opening of the Arcade department store occurred yesterday, and although the weather was not exactly the right kind to draw out a large number of people, an unusually large number did visit the store. All the departments were well patronized, especially the dry goods section, which was filled with people for several hours. While the crowd came principally to inspect, an unusually large proportion of them became buyers, and altogether the opening was an entire success.

There are many things to take into reckoning when accounting for the tremendous vogue of "Way Down East." The simplicity of the story appeals to everybody, the broad fun of the inevitable H. H. Heller, the comedy of the other characters, the realism of the various scenes, the wonderful simulation of the blizzard, the strength of the company and the power of the third act scene; these things in some measure will tell why "Way Down East" fills the theatre season after season. Added to this is the fact that the past is kept up to its original standard of excellence, while the production is made more elaborate each succeeding year. At the opera house tonight.
